Knowledge you won't find elsewhere

What makes an Andante Travels tour a cut above the rest? The simple answer is our expert Guide Lecturers. They are not just guest speakers who rely on local guides to point the way. Our outstanding team of engaging presenters will lead you through the sites you see, focusing on the detailed indicators of the past, explaining how things work and what a miracle of human ingenuity they represent. And they are your travelling companion, part of the group, there at all times to join in the laughter and chat, your expert on hand to converse with and put those all important questions to. Guests who travel with us frequently tell us that it is not only the high quality of guiding they receive but also the informality and easiness of travelling with an Andante lecturer which keeps them coming back.

OUR AWARDS & ACCOLADES

The past year has been a tremendous one for us here at Andante. Not only did we win a Feefo 2023 Gold Trusted Service Award for excellence in customer service, but we also won a silver for the Best Travel Company to Italy/Western Mediterranean Islands. Plus of course, our very own John Shepherd won the Wanderlust World Guide Award - History & Culture 2023. Historically, we have also seen our tours included in National Geographic's 'Trips of a Lifetime' feature. Here's to continued success throughout the year!

Outstanding value with everything included

The price you pay for your Andante Travels tour represents excellent value for money. With most aspects of your tour included, from entry to all sites as per the itinerary, from tips to treats and – more often than not – wine with dinner, there is very little you will need to budget for on holiday except souvenirs and drinks at the bar.

Keeping it small

As a small 'in house' team we are able to exercise personal control over the many aspects of our intricate tour arrangements. Thoughtful attention is given to the itinerary, from the places we stop for refreshments to the possible addition of a special site known only to archaeologists. And now with a maximum group size of 18, we can travel with more flexibility and enjoy more of those spontaneous encounters which are simply not available to travellers on a typical group tour of 40 or more.

With us, travel solo but not alone

Travel takes us out of our comfort zones and inspires us to see, taste and try new things. It constantly challenges us, not only to adapt to and explore new surroundings, but also to engage with different people, to embrace adventures as they come and to share new and meaningful experiences. It can be daunting when travelling alone but with Andante Travels, you are never alone unless you choose to be.

Classical Sicily

Rich archaeological sites and impressive artistic achievements

12 DAYS From £7,175pp SAVE \$490pp Departing October

Some of the richest archaeological sites and the most impressive artistic achievements of European culture are to be found in Sicily, the largest island in a sea which was itself thought to lie at the centre of the ancient world, the Mediterranean. Controlling the trade routes between east and west and the pivot of power between the 'superpowers' of antiquity, Sicily was fought over and repeatedly won throughout the history of western civilisation. As part of Magna Graecia, the city of Syracuse was second only to Athens and Carthaginians wrestled with Rome for control here during the first Punic War. This tour presents an extraordinary panorama of changing identities – Phoenician, Greek, Roman, Byzantine, Arab and Norman.

Hidden Rome

Special visit to the Mithraeum of the Circus Maximus

7 DAYS	From \$4,845pp SAVE \$350pp	Departing October
--------	------------------------------------	-------------------

Rome is the pivotal city of Europe, a capital that has dominated the history of the last two millennia. This tour will take you to some of Rome's greatest monuments and also to some of its most secret, from catacombs to tombs and from temples to villas. It offers a rare chance to see the Imperial City from a whole new point of view – one that most visitors will never get to see.

Tour Highlights

- Explore the underground ruins of Nero's infamous Golden House, a revolution in architecture and luxurious design
- Pay a visit to the wonderfully preserved port city of Ostia Antica, which kept the capital of an Empire both fed and supplied
- Drive along the Appian Way, visiting the Villa of the Quintili and also the Circus of Maxentius

Day One | Rome
We arrive in Rome and transfer to our hotel.

Day Two | Domus Romane of Palazzo Valentini
Today we admire two hidden gems of Rome's underground. We start at the **Domus Romane of Palazzo Valentini**, where we admire and relive, thanks to multimedia and computer graphics, the rooms, baths and decorations of the Imperial Rome. We will then head to visit **Vicus Caprarius - the Water City**, which showcases the remains of an aqueduct and Roman House.

Day Three | Golden House - Colosseum
This morning we visit the legendary **Golden House**. Built by Emperor Nero after the great fire of Rome, it included artificial lakes, fountains and vineyards. More underground surprises will follow at the church of **San Clemente**, and then an afternoon visit to the **Colosseum**.

Day Four | The Field of Mars
This morning we walk through part of the **Field of Mars**, visiting well-known sites that include the Pantheon. We will also visit the **Ara Pacis**, an altar commissioned by the Roman Senate to honour the return of Augustus after his campaigns in Gaul.

Day Five | Aventine Hill
Our day begins on the Via Nomentana at **Santa Constanza**, built as a mausoleum for the sister of Constantine the Great. Later we will visit the early Christian catacombs that lie below the adjacent **church of Sant'Agnese**. We then head to visit the **Forum Boarium**, to see the temples of **Portunus and Hercules**, and visit the churches of **Santa Maria in Cosmedin** and **San Giorgio in Velabro**. After lunch we go to the **Mithraeum of the Circus Maximus** and later, we ascend the Aventine Hill to visit **Santa Sabina**.

Day Six | The Appian Way
Today we visit some of the villas on the **Appian Way**. We see the vast suburban estate of the **Quintili**, so sumptuous that the emperor Commodus executed its owners and confiscated it. We proceed to the equally extensive **Villa of the Emperor Maxentius** built in order to be a dynastic centre for his family. In the afternoon we visit the **Baths of Caracalla**.

Day Seven | Ostia Antica
A morning drive brings us to **Ostia Antica**, which was Rome's great harbour centre. Its level of preservation is comparable to Pompeii. From here, we make our independent onward journeys.

Athens

A short break to this ancient capital, unimpeded by the usual crowds

4 DAYS	From \$2,170pp SAVE \$140pp	Departing November
--------	------------------------------------	--------------------

An informed, in-depth visit to this ancient capital awaits. In winter, the city belongs to the locals. The queues for the Parthenon melt away, there is space to gaze at museums' treasures and the paths through the Agora grow greenery again. Wrap up warm and explore the city where democracy, architecture, classical art and literature both germinated and flourished.

Tour Highlights

- Ascend the Acropolis to the Parthenon, the universal symbol of the classical world and the quintessential classical ruin
- Explore two fabulous world-class museums, housing between them some of the greatest collections of antiquities in the world
- Soak up the atmosphere of ancient Athens, exploring the quieter corners and monuments which have survived here for 2,500 years

Day One | Athens
We arrive in Athens and settle in to our hotel.

Day Two | Athens
Our first full day will be dedicated to the **Acropolis** and its museum. We will walk through ancient Athens and then climb to the incomparable Acropolis, which still dominates the city with a complex of religious sanctuaries, most famous of which is the Parthenon – 'Chamber of the Maiden' built in the 5th century to house a colossal statue of Athena, patron goddess of the city. The views from here are stunning. After lunch in the Plaka, we visit the fabulous **Acropolis Museum**, which is consistently rated as one of the best museums in the world.

Day Three | Athens
We continue our exploration of Athens, visiting its ancient economic centre, the **Agora**, where a wide range of goods were shipped in from the nearby port of Piraeus and members of the elected democracy assembled to discuss affairs of state. Next, we visit **Kerameikos**, named in ancient times after the hero Keramos, son of Dionysus and Ariadne, where an extensive cemetery was

excavated during the 19th and early 20th centuries. After lunch we visit the **National Museum of Athens**. Now somewhat overlooked by visitors flocking to the Acropolis Museum, it is worth remembering that this older museum is still home to one of the greatest collections of antiquities in the world.

Day Four | Athens
In the morning, we travel to **Piraeus** which once consisted of three separate harbours - Kantharos, Zea, and Munichia. All three harbours are still used today but since the sea level has risen two metres since antiquity many of the ancient installations of Piraeus are now underwater. Excavations still continue, however, and notable finds have included several bronze statues, perhaps the most famous being of Apollo now in the **Piraeus Archaeological Museum**. Our tour ends, and we make our independent onward journeys.

See another side of the lovely islands of Rhodes and Kos and rediscover their ancient origins. Long beloved by British travellers, there is more to appreciate here than their lovely beaches and sheltered bays. From Hellenistic sanctuaries, Roman villas and Crusader fortresses to Byzantine churches and stylish Italian architecture, characteristics of both worlds can be found here. And venturing inland, the landscape swiftly changes from urban dwellings to juniper and thyme-clad hills where broom, myrtle and laurel grow in profusion.

Classical Turkey: The Aegean Coast

Powerful city states of ancient history

The ruined cities of the famously beautiful Aegean coast of Turkey were once some of the most powerful in the ancient world. BRAND NEW TOUR

Brazil - Rock Art & The Pantanal

Unveiling the mysteries of the Serra da Capivara

14 DAYS	From \$15,970pp SAVE \$770pp	Departing November
---------	-------------------------------------	--------------------

In a remote corner of northeast Brazil, amongst the sandstone cliffs, rocky canyons and deep valleys of the Serra da Capivara, there are hundreds of prehistoric sites. Pedra Furada meaning 'perforated rock' was the first site to be excavated here by Brazilian archaeologist, Niède Guidon and her findings caused uproar, challenging the Clovis theory that Homo sapiens arrived in the Americas 12,000 years ago. According to UNESCO, in light of these findings, the region represents one of the most significant archaeological sites in the world, and an outstanding testimony to one of the oldest human communities in South America.

Led by Dr Paul Bahn, this is a very special tour indeed, taking us to prehistoric sites seldom seen by foreign travellers. We will meet site archaeologists who will bring us up to date on the latest developments connected with these amazing discoveries and travel into the park by off road vehicle to see as much of the area as possible. We may catch sight of some of the animals depicted so beautifully in the rock art—armadillos, anteaters, ocelots, guans, agoutis, lizards, red deer, wild pigs, as well as a variety of birdlife.

After our brush with prehistory, we will journey from one remote region to another flying south and travelling into the Pantanal, one of the most biologically rich environments on the planet, saturated with wildlife and an absolute gem for photographers and naturalists alike. Here we search for jaguar, giant otter, anteaters, capybara and a hyacinth macaw.

Tour Highlights

- Visit two remote regions only just opening up to mainstream tourism and enjoy them whilst they remain unsullied by crowds
- Enjoy the wonder and fascination of prehistoric rock art in situ precisely where the artist intended it to be
- Examine a remarkable assemblage of prehistoric art depicting wild animals, human figures skirmishing, dancing and hunting
- Discover the rich flora and fauna of the Pantanal, the world's largest inland wetland area

Day One | Rio de Janeiro

Meet the group in the hotel for lunch, then later in the afternoon we will take a trip to iconic **Sugarloaf Mountain** which towers above Guanabara Bay. Travelling to the top by cable car, there are breathtaking 360 degree views over Rio.

Day Two | Rio de Janeiro

We spend today exploring Rio. We will visit its historic centre where modern skyscrapers mingle with colonial and Belle Epoque-era architecture and explore two of its museums: the **Museu**

Historico

housed in a former arsenal and by contrast the ultra-modern **Museum of Tomorrow**. In the afternoon we take a stroll in the **Jardim Botânico** which along with its stately rows of palms, ornamental ponds and orchid greenhouses, is teeming with over 9,000 different plant species and some of the most endangered flora in Brazil. Rio, sheltering between two mountains can be viewed from both and this evening we view it from Corcovado Mountain, home to the iconic art deco monument of **Christ the Redeemer**.

Day Three | Rio de Janeiro - São Raimundo Nonato

This morning we transfer to the airport to start our journey north. We fly to Recife and then on São Raimundo Nonato, a small airport recently built to improve access to the Serra da Capivara national park. We arrive late afternoon and drive the short distance to the **Museum of American Man** which showcases the work of decades of research alongside precious finds. Tonight, we spend the first of five nights at the Hotel Serra di Capivara, newly constructed at the edge of the park to accommodate visitors to the sites.

Day Four | Serra da Capivara

We spend the next five days exploring the extraordinary sites of the **Serra da Capivara**. Over 300 archaeological sites have been found within the park, the majority decorated with paintings, some more than 25,000 years old. Numerous circuits and trails have been created in order to access them and we start our exploration with the site of **Boqueirão Pedra Furada**, a huge geological structure discovered by Niède Guidon. An extremely important site surprising in the

unique chronological range it covers: a stratigraphy of, at least 60,000 years of human occupation, in addition to traces of animals such as sabre-toothed tigers and giant sloths. During the 10 years of initial excavation of the site, several lithic artifacts were found (spearheads, half-moon axes, flaked stone blades, etc.), structured bonfires, cropoliths, cave paintings and various marks of human occupation.

Our rock art circuit for the day will also include the sites of **Toca do Sítio do Meio** and **Toca da Fumaça**. We end our day with a visit to the **Serra da Capivara Ceramics Project**, created in 1994 to support the local economy with the artisanal production of pottery decorated with rock art paintings found on the sandstone cliffs of the archaeological sites.

Day Five | Serra da Capivara

After breakfast we travel into the park to walk the **Cicuito Serra Branca route**. This is an area where the maniçobeiros lived, extracting latex from the manicoba tree during the rubber boom of the late 19th century. Here we will view the rock art at numerous sites including Toca do Vento, Toca do Mulungu, Toca do Caboclo da Serra Branca, Toca da Extrema, Toca do João Arsenia, Toca do Veado, Toca Pingo de Boi and Sítio Andorinhas. Towards the end of the day we will make our way to **Canyon Andorinhas** to take in the panoramic view and if we are very lucky see a murmuration of swallows, for which the canyon is named, as they gather to roost for the night.

Day Six | Serra da Cpaivara

Our visits today include Toca da Entrada do Pajaú I and II, small shelters with dozens of paintings portraying the daily activities of prehistoric people. We will also see Toca do Barro, Sítio Desfiladeiro and Toca do Papagaio, the first site to be catalogued by researchers and where two skeletons were found, dating to over 7,000 years old.

Day Seven | Serra da Capivara

On our last full day in the reserve, we will walk up to Toca da Entrada do Baixão da Vaca, a 100m long shelter where there are hundreds of cave paintings, many of them clearly visible. We will also take in two sites on the Hombu Trail (Hombu means 'come see') — Toca da Ema do Sítio do Brás I and II.

Day Eight | Serra da Capivara - Recife - Brasília

This morning we take the **Serra Vermelha Circuit** and visit **Síto Três Perna**. After lunch we start our long journey south, returning to São Raimundo Nonato airport where we fly to Brasília International Airport via Recife. Arriving late that day, we overnight near the airport ready for onward travel to the Pantanal the following morning.

Day Nine | Brasília - Cuiabá - Pantanal

We begin the second part of our tour and fly to Cuiabá this morning. Founded by gold prospectors in the 18th century, the city sits on the Cuiabá River, a tributary of the mighty Paraguay and the gateway to the northern Pantanal, the world's largest freshwater wetland. From here we will drive along the Transpantaneira deep into the **Pantanal**. The wetlands are comprised of a patchwork of different ecosystems — dense woodland, open savannah and rainforest. Our destination is the Pousada Puival, a 2-3hr drive from Cuiabá and where we will stay the next 2 nights. From here we will enjoy a mix of safari drives and gentle walks in easy terrain.

Day Ten | Pantanal

Our day is spent hunting for wildlife, walking from the lodge or adventuring out by vehicle. There is no shortage of wildlife viewing opportunities here from the brightly coloured macaws which dart amongst the tree canopy to the comical capybara who frequent the wetlands. Other wildlife highlights include giant anteaters, giant otters, tapirs and jabiru storks and a vast range of other tropical birds.

Day Eleven | Pantanal

We make a sunrise safari, our best chance of seeing the giant anteater as it searches for food before returning to the lodge for our own breakfast later in the morning. We leave this region today and set off for Porto Jofre where we transfer to our houseboat permanently moored on the Piquiri river bank. We will spend two nights here.

Day Twelve | Pantanal

The Pantanal is best known for its incredible jaguar viewing. This is best achieved by manoeuvrable boat in the northern part of the wetlands, where the cats have the habit of hunting along the riverbanks. We will take morning and afternoon

boat trips out on the wetland searching for Jaguars and spotting other wildlife.

Day Thirteen | Pantanal - Cuiabá

Our adventures in the wild come to an end and we travel back along the Transpantianiera to Cuiába airport. The journey will take us most of the day as we travel back through this incredible wilderness to the tarmacked road which will speed us to Cuiabá airport.

Day Fourteen | Cuiabá

Our tour ends today, and we make our independent onward journeys.

Guided by Dr. Paul Bahn
Led by Dr Paul Bahn, we will meet site archaeologists who will bring us up to date on the latest developments connected with these amazing discoveries and travel into the park by off road vehicle.

Egypt Encompassed

From Pharaohs to Caesars

19 DAYS	From \$18,005pp SAVE \$910pp	Departs November
---------	-------------------------------------	------------------

Howard Carter's description of his first sight into Tutankhamen's tomb is also a fitting description of Andante's exploration of the archaeology of this amazing country. Egypt is indeed a land of 'wonderful things', a country where adjectives are insufficient to describe the monuments and experiences which are not to be found anywhere else in the world. While certain images of Egypt have become familiar, there is no substitute for witnessing at first hand the glittering treasures of Tutankhamen's tomb, the quiet intrigue of the hypostyle hall at Karnack, the beautiful setting of the Temple of Isis at Philae or standing over-awed at the feet of the colossal statues of Ramesses II at Abu Simbel. This epic tour encompasses all of these iconic sites and so much more. Starting with the Old Kingdom and the 'Age of the Pyramids' and ending with the Ptolemaic Dynasty and the Romans, we take a journey of a lifetime as we explore Upper and Lower Egypt travelling through the millennia.

Tour Highlights

- Journey to the Middle Nile and discover the city of the heretic pharaoh Akhenaten at Tell el-Amarna
- Admire the exquisite artistry of the special tombs of Nefetari, Seti I, Sennefer and Rekhmire
- Enjoy privileged access at Tapaposiris, conjectured to be the site of Cleopatra's burial
- Spend a whole day at Saqqara where we discover sites seldom viewed by the casual visitor

Day One | Cairo

We arrive in Cairo – this buzzing, energetic metropolis that is Egypt's extraordinary capital.

Day Two | Saqqara

We dedicate today to one of the most archaeologically important sites in Egypt - **Saqqara**. Here were buried some of the most important officials of Memphis and it was also the place of Egypt's first pyramid. We will discover the 3rd Dynasty Pharaoh Djoser's distinctive **Step Pyramid** complex and the smooth-sided **Pyramid of Unas** as well as the Imhotep Museum (due to reopen late 2023 after extensive renovation). After lunch we return to focus on the lesser-visited parts of this huge site and visit the **mastaba of Mereruka**, a large and complex tomb of the Vizier to King Teti, and the superb **mastaba tomb of Ti** as well as the **Serapeum**, burial place of the sacred Apis bulls in the northern part of the Saqqara complex.

Day Three | Giza

This morning we visit the best preserved of the Seven Wonders of the World, the **Great Pyramid of Khufu** (Cheops) which towers some 481 feet (147 meters) above the plateau, its estimated 2.3 million stone blocks each weighing an average of 2.5 to 15 tons. We will discover the **Pyramids of Khafre and Menkaure** as well as the enigmatic **Sphinx**. In the afternoon, we visit the **Great Egyptian Museum*** where the world's most extensive exhibitions in pharaonic artefacts can be seen. Among the many treasures on display are the solid gold mask of Tutankhamun, and the Narmer Palette, thought to depict the unification of Upper and Lower Egypt.

Day Four | Cairo - Beni Hassan - Minya

We set off early this morning, winding our way out of the traffic heavy roads of Cairo and onto the fast highway to Minya. Our goal is the site of **Beni Hassan**, just south of Minya. These rock cut tombs high in the desert cliff overlooking the Nile

take a little effort to reach but the view from the top is breath-taking and the tombs are fabulous. The tombs are painted, rather than decorated in carved reliefs and covered in scenes of daily life in extraordinary detail. We overnight in Minya, now a small city mostly overlooked by tourists but once a powerful regional capital within Egypt.

Day Five | Tell el-Amarna

Today we visit **Tell el-Amarna**, one of the most important archaeological sites in Egypt. It is also one of those which is usually ignored or given scant attention by tour operators because there are no monumental structures here. Amarna is, however, the most significant surviving city site from ancient Egypt; the majority having been built over by later settlements. The city itself was abandoned after the Pharaoh's death, only 20 years or so after its creation. Here, we visit the tombs of important priests Meryre and Panehesy as well as the Royal Tomb of Akhenaten, Nefertiti's Palace, and the Temple of Aten.

Day Six | Minya - Tuna el-Gebel - Abydos

Our day starts at the rich and varied archaeological site of **Tuna el-Gebel** which functioned as the necropolis for the ancient town of Khemnu/ Hermopolis at the edge of the western desert. It marks the boundary of Akhenaten's city some 11kms from the centre of Tell el- Amarna and is home to one of Akhenaten and Nefertiti's 'boundary stelae' carved into the limestone cliff. We also visit vast catacombs for ibis and baboons, associated with the god Thoth, and impressive tombs, including that of a High Priest of Thoth c300 BC – Petosiris, whose reliefs combine Greek and Egyptian artistic styles. In the afternoon, we continue our drive south to Abydos.

Day Seven | Abydos – Dendera - Luxor

This morning we visit **Abydos**, one of the most sacred sites in Egypt. The main focus of our visit is the important cult **temple of Seti I** with its fabulous wall decorations, some of the finest of the New Kingdom. The temple is also the home of the only King List still to remain in situ. After a picnic lunch we continue to **Dendera** once the capital of the Sixth Upper Egyptian nome. Like Saqqara it was the site of burials of sacred animals, particularly cows associated with the cult of the local goddess Hathor. The roof of the temple includes a number of chapels, symbolic mortuary chapels for Osiris.

Day Eight | West Bank

This morning we cross the river by motorboat and then travel by coach, to visit the famous **Colossi of Memnon** on the West Bank at Thebes. These two enormous statues of the Pharaoh Amenhotep III stand at a towering 18-metres high. Next, we visit the **Valley of the Kings**. Of over 60 tombs discovered in the Valley of the Kings, only a small number are open to the public and we enter a selection of these, including the elaborately decorated **tomb of Seti I**, which details the opening of the mouth ceremony. In the afternoon we visit **Deir el-Medina**.

Day Nine | West Bank

This morning we return to the west bank and the **Valley of the Queens** where we visit its most famous tomb, Queen Nefertari. The tomb has vividly painted reliefs with inscriptions describing the queen's beauty, sweetness and charm and the decoration is exquisite. We continue to the **Ramesseum**, with its fallen colossus of Ramesses II, an astounding testament to the Pharaohs reign. Later we make our way to **Medinet Habu**, arguably the best-preserved temple of the New Kingdom, filled with a wealth of exemplary paintings, carvings and sculptures.

Day Ten | West Bank & Luxor

We start today at the Memorial Temple of Hatshepsut at **Deir el-Bahri**, a stunning shrine cradled by the dramatic natural sculptures of neighbouring cliffs. It is famous for its scenes showing a trading expedition to the land of Punt where the Egyptians traded with the local people for exotic products, including incense trees. Next we visit **Howard Carter's House** – the property used by the archaeologist during his search for the tomb of Tutankhamun and eventual discovery and to round off the day we will visit to the excellent **Luxor Museum**, where we see a masterfully

arranged collection of archaeological artefacts and celebrated works of art, including the famous statue of Tutmosis III, an extraordinary figure carved out of greywacke.

Day Eleven | Karnak & Luxor

We spend the morning at **Karnak**, exploring the largest temple complex in Egypt, and some have argued, the largest religious complex in the world. Added to by generation after generation of pharaohs over a period of 1500 years, it's a dazzling maze of monumental gateways, obelisks, pillared halls and subsidiary shrines. In the afternoon, we visit **Luxor Temple**, linked to the Karnak complex by an avenue of sphinxes, processions would travel along this 1.5k mile route on a regular basis. At the end of the day, we embark on our Nile cruise and the first of our 4 nights on board.

Day Twelve | West Bank - Edfu

Before we set sail today, we make one last visit to the west bank and the **'Tombs of the Nobles**. Here we see two of the most splendid non-royal tombs dating to the New Kingdom period, the vibrantly painted burial chamber of **Sennefer** and the intricately decorated funerary chapel of **Rekhmire**. After lunch on board, we start our journey to Aswan, slipping anchor and sailing up the Nile towards Edfu.

Day Thirteen | Edfu - Kom Ombo - Aswan

Today we discover the temples of the gods of Upper Egypt, starting with the **Temple of Horus at Edfu**. One of the country's most magnificently preserved shrines, towering at a jaw-dropping 37 metres, its pylon - or gateway - is the highest among all of Egypt's surviving temples and is decorated with vivid scenes of King Ptolemy VIII destroying his enemies before Horus. This afternoon we explore the **Temple of Sobek and Horus the Elder** at Kom Ombo and the site's **Crocodile Museum**. The partially restored remains of Kom Ombo's Ptolemaic temple stand dramatically above the Nile and its situation overlooking the river, is particularly picturesque.

Day Fourteen | Aswan

Arriving in Aswan, we make our way to ancient Egypt's southern border to visit the atmospheric ruins of the Ptolemaic **Temple of Isis** in Philae. To nineteenth century travellers Philae was 'the pearl of the Nile' set on its own island, with just enough vegetation to make this the archetypal romantic ruin. After a stop at the High Dam, we continue to the **Quarries** at Aswan. We see the spectacular 'Unfinished Obelisk, some 42 metres long and weighing approximately 1,197 tons. After lunch on board our ship, we will visit **Elephantine Island**, the location of the ancient town and temple in Aswan.

Day Fifteen | Aswan - Abu Simbel - Cairo

Today we fly from Aswan to the world-renowned Nubian site at **Abu Simbel**, 140 miles south-west of Aswan at the edge of the desert. The two massive rock temples of Ramesses II and his favourite queen, Nefertari, were originally carved into the mountainside in 1244 BCE to honour the deified royal pair. After our site visit, we fly to Cairo.

Day Sixteen | Cairo - Alexandria

Our day starts at the **National Museum of Egyptian**

Civilisation. The NMEC opened in 2017 and is the first of its kind to display the richness and diversity of Egyptian civilization throughout the ages, from prehistoric times to the present day. After lunch we leave Cairo on the desert road and travel to Alexandria.

Day Seventeen | Alexandria

We spend the day in Alexandria exploring the major monuments of the ancient city. We visit the **Catacombs of Kom el-Shoqafa** an underground labyrinth of decorated tombs from the Roman period, we also visit **Pompeys Pillar**, the site of the **Serapeum**. We explore part of the civic centre of Roman Alexandria at **Kom al Dikka**, with its major monuments including an Odeon type building and a fine house, the **Villa of the Birds**. In the afternoon we visit the **Bibliotheca Alexandrina**, the modern Library, here we will see superb mosaics recovered from the royal palace of the Ptolemies and, hopefully, the Greco Romano Museum due to reopen after 20 years 'under wraps'.

Day Eighteen | Alexandria - Cairo

This morning we explore the **National Museum** of Alexandria, located in a beautifully restored Italianate palace and contains galleries containing artefacts from the Pharaonic, Greco Roman, Coptic and Islamic periods. Afterwards we travel on to Abu Sir, ancient Tapaposiris where the Ptolemaic temple and a funerary monument modelled on the Pharos were built on a ridge between lake Mareotis and the Mediterranean. Recently there has been much speculation that it may contain Cleopatra's tomb which as yet, remains undiscovered.

Day Nineteen | Cairo

Our tour ends today, and we make our independent onward journeys.

“Excellent. A busy and well-paced tour. The organisation and arrangements were great. Praise in particular for Laura. We loved Nick Jackson! So informative! His knowledge was really impressive, and he delivered it in an engaging way. A great mixture of phases of archaeology which provided us with a great picture of the region.”
