# Looking Ahead to an Inspiring Autumn

Dear Andante Traveller,

As we look ahead to the coming year, it is a pleasure to present this mini brochure highlighting our September and October departures.

Demand for our autumn tours is already high, and many popular itineraries are filling quickly. As a specialist operator, our groups are deliberately kept small, and once a tour is full, we are rarely able to add additional capacity. Early booking is therefore strongly advised, not only to secure a place on your preferred tour but also to benefit from the widest choice of departures and to take advantage of any zero single supplement places left on selected tours.

We have added four additional departures for those programmes which are already fully booked. Look out for extra dates on Albania, Egypt New Museums & Discoveries, Viking Homelands and Relaxed Kyrenia this autumn. Make sure to secure your place if you missed out on our Spring departures.

We are also delighted to present a new Italian programme led by Dr Eireann Marshall where we explore the artistic, architectural, and political legacy of two pivotal centres of Italian history Turin, capital of the House of Savoy, and Genoa, the influential maritime republic known as La Superba.

Travelling with Andante means travelling with confidence. Our reputation is built on decades of archaeological and cultural expertise, with tours carefully designed and led by expert guides who bring the past vividly to life. We also believe in making travel as inclusive and straightforward as possible. Most of our tours are genuinely fully-inclusive, including meals and tips as well as standard transport, entrances and guiding fees. Our fully-inclusive approach means no hidden costs or unexpected extras, just exceptional experiences from start to finish.

We hope this brochure inspires you to plan ahead and join us this autumn. If you have any questions, we are here to help Monday - Friday 8am to 6pm (GMT) 844 279 9113.

# The Andante Difference

## Expertise is at the heart of every journey

Our tours are led from beginning to end by our own expert Guide Lecturers - specialists in archaeology, history and the ancient world who combine knowledge with the ability to communicate it with clarity and enthusiasm. They are not occasional guest speakers, but integral members of the group, travelling with you throughout and shaping the experience day by day.

Their role is not simply to show you what you are seeing, but to help you understand it: how ancient societies functioned, why places developed as they did and what the remains of the past can still tell us today.

Guests often tell us that it is not only the quality of the guiding that brings them back to Andante Travels, but also the friendly, relaxed and inclusive atmosphere our lecturers create

Alongside your Guide Lecturer, you may also be accompanied by a Tour Manager, who looks after the practical details of the journey and by carefully selected local guides, whose insight adds a valuable regional perspective. Together, they ensure that your tour runs smoothly, comfortably and at an unhurried pace.

With Andante Travels, your curiosity is always welcomed - and always well answered.

# Pompeii, Herculaneum & Classical Campania

Learn more about Pompeii at the recently excavated villas

8 DAYS FROM \$3,810pp

 Moderate ●●○

50 SINGLE SUPPLEMENT  
PLACES AVAILABLE

Nowhere in the world gives deeper insight into Roman life than the dramatic seaside towns of Pompeii and Herculaneum. Before the cataclysmic eruption of Vesuvius, these were thriving, lively seaside towns. Pompeii was a trading town, equipped with bars, shops and brothels, while neighbouring Herculaneum was an affluent and elegant town. All this came to an abrupt halt, one autumnal day in AD 79, when Mount Vesuvius - which had done little more than rumble for years - erupted with incredible force.

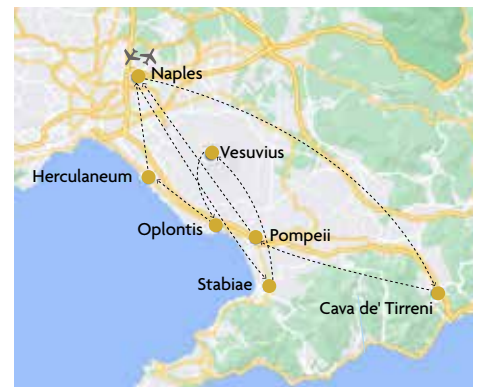

Two thousand years later, the sites of the Bay of Naples confront the modern visitor with a vivid, haunting immediacy like nothing else in the ancient world. In some cases, we even know the names, professions and personal histories of the people who owned the villas and shops we visit. The preservation of Herculaneum, Pompeii and its surrounding sites is remarkable and the archaeology is beyond compare, which is why we have been leading tours here for nearly 40 years. This is an exciting time for visitors to these Vesuvian towns, as new discoveries are constantly being made, and new areas of excavation are opened up. Walk as the Romans did, from amphitheatre to baths to forum, as our Guide Lecturer conjures an evocative picture of the everyday life of these prosperous Roman towns.

Enjoy visits to off-the-beaten-track villas at Stabiae

Private access to the Cave of Sejanus (Grotta di Seiano) and the adjoining Villa of Pausilypon with its dramatic coastal views

Visit newly excavated houses in Pompeii

## Day One | Cava de' Tirreni

Meet the group at Naples airport or at our hotel in Cava de' Tirreni.

## Day Two | Cava de' Tirreni - Paestum

Our day begins with a visit to the fascinating site at **Paestum**, ancient Poseidonia. Long before the Romans came, this was a thriving Greek city that was part of greater Greece from the 6th century BCE. After lunch, we discover glorious Greek temples here. We then visit the Paestum Museum, famed for its archaic metopes and painted tombs, including the wonderful Tomb of the Diver, dating to circa 480 BCE. We have also arranged special access to the magnificent Store Rooms of Paestum, where we see artefacts usually hidden from view.

## Day Three | Pompeii

We devote the entire day to **Pompeii**. No other site compares in revealing details of daily life in a Roman

town. We visit some of the most well-preserved buildings and the amphitheatre, theatre, forum, bath-houses, bars and even brothels. Fountains in the street are worn from where countless people rested their hands to take a drink and Roman graffiti can still be seen on the walls. Travelling via the best routes to avoid the crowds, we visit some houses that are newly reopened to the public.

#### Day Four | Naples - Pozzuoli

Our first visit of the day is to the **National Archaeological Museum** in Naples, home to an exceptional collection of artefacts and an essential complement to exploring the archaeological sites of Pompeii and Herculaneum. Highlights include the famous Alexander Mosaic, the Bronze Runners and the Farnese Bull, carved from a single block of marble, the largest ancient sculpture ever recovered. After lunch we move on to **Pozzuoli** where we explore the Flavian amphitheatre, one of Italy's largest Roman arenas. Later, we have arranged private access to the **Cave of Sejanus**, a monumental tunnel dating to the age of Augustus, which leads to the lovely seaside villa of Pausilypon the summer house of an elite Roman, Publius Vedius Pollio. Much of the villa has been lost to the sea but its amphitheatre, odeon, gardens and other structures still are visible.

#### Day Five | Stabiae

Today we venture off the beaten-track to the villas of Stabiae, an exclusive Roman resort for the very wealthy. The vast **Villa San Marco**, with its swimming pool and bath complex, is one of the most opulent along this coast and it remains impressive in its scale. We will also visit the **Villa Arianna**, with its wonderful frescoes and fabulous views over the Bay of Naples. After lunch, we visit the **Archaeological Museum of Castellammare di Stabia Libero D'Orsi**, which opened in September 2020 specifically for the exhibition of the many important items found in the region of Stabia. There are a large number of finds on display, some never before exhibited in Italy, including frescoes, inlaid floors, stuccoes, sculptures and tableware.

#### Day Six | Herculaneum

This morning, we head to **Herculaneum**, which perfectly complements a visit to Pompeii. This seaside city was buried to a significantly

greater depth than Pompeii - under 23 metres of pyroclastic to be exact - perfectly preserving everyday objects as well as houses up to their rooftops. In addition to the site, we explore the Antiquarium, newly opened after 44 years, which houses precious articles found along Herculaneum's seafront, including a well-preserved boat. After lunch, we visit Boscoreale to explore **Villa Regina**, discovered in the late 20th century while digging for the foundations of council housing. In contrast to the opulent villas we have seen on other days, this is a modest small holding which provides us with evidence of how ordinary people lived. Boscoreale is a locality north of Pompeii located on the slopes of Vesuvius, identified by some with the Pagus Augustus Felix Suburbanus. With the inauguration of the Great Pompeii, in October 2023, the **Antiquarium of Boscoreale** was reopened with a room dedicated to the excavations underway in the suburban villa of Civita Giuliana, with the ceremonial chariot found there in 2021.

#### Day Seven | Vesuvius - Oplontis

Today, we ascend to the great volcanic crater of **Vesuvius**. The majority of our journey is by bus, but the final part requires a walk of around 30 - 40 minutes, which is well worth the effort. The walk starts at Monte Somma, the crater of the AD 79 eruption, where we grasp the scale of it. After the ascent and peering into the crater being forged since the ancient eruption, we see fumaroles and the layers of previous eruptions, while walking around the perimeter of the crater affords magnificent views over the Bay of Naples. On good days, you can even make out Pompeii. After lunch, we continue to the impressive villa at **Oplontis**, which boasts sumptuous frescoes, a bath complex, an enormous swimming pool and interesting slave quarters. This villa was supposedly owned by Emperor Nero and was destroyed and subsequently preserved by Vesuvius' eruption.

#### Day Eight | Naples

After breakfast we transfer to Naples airport to make our independent onward journeys.

# Beyond Pompeii, the Land of the Sibyl

Unmissable ancient sites in Northern Campania

8 DAYS FROM \$4,335pp

Moderate ●●○

On this tour we go beyond the sites of the regular tourist trail and discover more. We explore the hinterland of Vesuvius, a land of myth and legend, and, paradoxically, a land of luxury and wealth dotted with the vast villas of senators where the city of Pozzuoli was a 'second Rome' in the summer season. We are based for a whole week in just one comfortable hotel in Naples, the living embodiment of a classical city.

Explore the playground of the Roman elite, buildings created at the height of Imperial indulgence and excess

Discover the now subterranean thermal complex at Baia by glass-bottomed boat

Descend underground into the catacombs and remnants of the ancient city below the streets of Naples

## Day One | Naples

Meet the group at our hotel in Naples.

## Day Two | Capua

We drive north to **Santa Maria Capua Vetere**, an important ancient city associated with Hannibal and Spartacus and criticised by Cicero as treacherous to Rome. We begin at the **Museo Archeologico dell'Antica Capua**, tracing the city's development, before visiting the well-preserved amphitheatre, the site of the first gladiatorial school and the starting point of Spartacus' rebellion. In the afternoon, we visit the **Museo Campano** with its fine display of goddesses and the **Church of Sant'Angelo in Formis**, built on the remains of a temple to Diana, before returning to Naples.

## Day Three | Cumae & Pozzuoli

We visit **Cumae**, one of the oldest Greek colonies in Italy, founded in 750 BCE. In the Archaeological Park we explore the **Antro della Sibilla**, home of Virgil's legendary prophetess, the Cumaeen Sibyl. We then continue to **Pozzuoli**, an important ancient port that supplied Rome with grain from Sicily, North Africa and Egypt and exported Italian wine, oil, pottery and metalwork across the Mediterranean.

## Day Four | Naples

We explore **Naples**, beginning at the Duomo and the remains of the ancient city beneath the modern streets, including Roman shops and streets under **San Lorenzo Maggiore**. We visit the

cloister of **Santa Chiara** with its colourful maiolica tiles and the small archaeological museum, which gives access to a 1st-century Roman bath complex with hot and cold rooms, changing areas and a swimming pool.

## Day Five | Naples

We visit the **Catacombs of St. Januarius**, burial place of early bishops and rich in palaeochristian art. We then see 'Virgil's tomb', traditionally believed to mark his burial place, before continuing to the **Naples Archaeological Museum**. Here we see wall paintings, metalwork and sculptures preserved by the eruption of Vesuvius, including material from the recently reopened western wing.

## Day Six | Naples

We walk past some of Naples' grandest buildings, including the **Palazzo Reale**, **Castel dell'Ovo** and the **Teatro San Carlo**, Europe's oldest continuously operating opera house. The afternoon is free before we regroup for dinner.

## Day Seven | Baia & Misenum

We visit the thermal complex at **Baia**, once Italy's most fashionable spa and retreat for figures such as Cicero, Caesar and Nero, now partly submerged and visible by glass-bottomed boat. In the afternoon, we continue to **Misenum**, the main Roman naval base in the west, where Pliny the Elder was stationed when Vesuvius erupted in AD 79.

## Day Eight | Naples

This morning we make our way Naples Airport from where make our independent onward journeys.

The remains of these splendid cities are set in a breathtaking landscape of rugged limestone peaks, plunging valleys, olive groves, pine forests and flower-dotted meadows, with the glittering blue waters of the Aegean Sea highlighting the distance.

Gaze upon the mighty walls of Troy as everyone from Achilles to Alexander the Great has desired to do

# Jordan - Petra & the Desert Fortresses

Spend two days in the evocative rock-cut city of Petra

10 DAYS FROM \$5,705pp

Moderate ●●○

Jordan's history is one of movement and encounter - of peoples, empires, prophets, and kings. Nowhere is this more evocative than in the rock-cut city of Petra, where we spend two days among tombs and temples carved into rose-red stone. From Iron Age kingdoms to the Roman world of Provincia Arabia and the arrival of Hellenism, Jordan has long stood at the crossroads of cultures. Its landscape is equally dramatic: wadi gorges cut through deserts of black basalt and golden sand and the Great Rift Valley descends to the salt-rich waters of the Dead Sea - the lowest point on Earth. Beyond Petra, we explore the legacies of crusaders and caliphates in this richly layered land.

Admire the almost lunar-like desert scenery of Wadi Rum

Discover the mighty crusader castle at Kerak, built in the 12th century

Visit Jerash, the best preserved (and Jordan's largest) Roman town in the east, a site that is home to the Oval Plaza and the Corinthian columns of the Temple of Artemis

## Day One | Amman

Meet at our hotel in Amman before we have dinner together as a group.

## Day Two | Wadi Seer - Dead Sea - Amman

We begin at Wadi Seer to explore **Qasr al-Abd**, a well-preserved Hellenistic palace built by Hyrcanus of Jerusalem around 200 BCE, once part of a larger estate beneath today's village of Iraq al-Emir. We then visit the **Dead Sea**, the lowest point on Earth, where we enjoy the unique experience of floating in its salt-rich waters before returning to Amman.

## Day Three | Gadara - Jerash

We visit two Decapolis cities, beginning at **Gadara** (Umm Qais) with its views over the Golan Heights and the Sea of Galilee. After lunch, we continue to **Jerash**, one of the best-preserved Roman cities in the eastern Mediterranean, with highlights including **Hadrian's Arch**, the **Temple of Artemis**, and the **Oval Plaza**.

## Day Four | Amman

We explore Amman's citadel and **Archaeological Museum**, home to artefacts from across Jordan, including the Dead Sea bronze scroll. We see the **Roman Temple of Hercules** and the **Umayyad palace** before visiting the **Memorial Church** at **Mount Nebo**. In **Madaba**, we view the 6th-century mosaic map at **St. George's Church** and visit the **Archaeological Park**.

## Day Five | Umm al-Jimal

We travel into the eastern desert to explore **Umm al-Jimal**, the striking basalt city with stone-built houses and doors. After lunch, we visit the desert

castles of **Qasr Azraq**, **Amra**, and **al-Kharanah**, which once served as agricultural centres and caravan stations.

## Day Six | Umm al-Rasas - Kerak

We visit the mosaic-filled churches of **Umm al-Rasas** before stopping at Wadi Mujib for views of the dramatic canyon. We continue to **Kerak**, the formidable Crusader castle overlooking key historic trade routes.

## Day Seven | Petra

Our first full day in **Petra** allows us to explore the vast archaeological park, entering through the Siq to the Treasury and learning about Nabataean architecture and water systems. Optional guided climbs to the **'Monastery'** and **'High Place'** are available.

## Day Eight | Petra

Further exploration of Petra's extraordinary monuments and landscapes.

## Day Nine | Little Petra - Wadi Rum

We visit the Neolithic site of **Beidha** and "Little Petra" before travelling to **Wadi Rum** to explore its desert scenery and rock art, famously associated with Lawrence of Arabia. We return to Amman for a farewell dinner.

## Day Ten | Amman

Our tour ends in Amman and from here we make our independent onward journeys.

### Day One | Cairo

Meet the group at our hotel in Cairo – this buzzing, energetic metropolis that is Egypt's extraordinary capital and a city that Egyptians admiringly refer to as 'the Mother of the World'.

### Day Two | Saqqara

Today, we embark on a journey to **Saqqara**, a necropolis of immense archaeological significance in Egypt. Our exploration includes the **Tombs of Maya and Horemheb**, alongside the newly accessible Old Kingdom **Tomb of Mehu**, featured in the 2020 documentary *The Secrets of Saqqara*. The afternoon leads us to the **Imhotep Museum**, freshly reopened after extensive renovations. We conclude our Saqqara adventure with visits to the **Tomb of Maia**, wet-nurse to Tutankhamun, and the **Tomb of Nemtyemes**, both recently reopened to the public.

### Day Three | Cairo - Alexandria

Our day commences at the **National Museum of Egyptian Civilisation (NMEC)**, inaugurated in 2017 as the first institution showcasing the breadth of Egyptian civilisation from prehistoric times to the present. Post-lunch, we depart Cairo via the desert road, heading towards Alexandria.

### Day Four | Alexandria

Our morning is dedicated to the splendid **Graeco-Roman Museum**, reopened in 2023 after 18 years

of renovation. It exhibits thousands of items, including those discovered during underwater excavations in the submerged cities of Thonis-Heracleion and Canopus, and the ancient Portus Magnus of Alexandria. In the afternoon, we explore the **Bibliotheca Alexandrina**, where exquisite mosaics from the Ptolemies' royal palace and the exceptional Manuscripts Museum await us, offering far more than most anticipate.

### Day Five | Alexandria – Abu Sir - Cairo

Departing Alexandria's centre, we journey to **Abu Sir**, ancient **Tapaposiris**, home to a Ptolemaic temple and a funerary monument inspired by the Pharos, perched on a ridge between Lake Mareotis and the Mediterranean. Recent speculations suggest it might house Cleopatra's elusive tomb. After lunch, we travel back south to Cairo.

### Day Six | Giza

We devote the entire day to the **Great Egyptian Museum (GEM)**, located on the Giza plateau with pyramids in view. Initiated over two decades ago, the museum spans 750,000 sqm, featuring 12 exhibition halls and innumerable artefacts. # Namibia

Follow in the footsteps of our early ancestors

14 DAYS FROM \$14,055pp

Namibia's vast landscapes provide some of the most dramatic natural scenery in the world and scattered throughout this astonishing country are rock art sites of unquestionable beauty and isolation. On this tour, we visit not only the famous World Heritage site at Twyfelfontein but also rock art in the Brandberg and Erongo Mountains where artists used natural pigments mixed with binding agents to create paintings that have remarkably survived thousands of years. The country's pristine wilderness provides some of Africa's most dramatic wildlife viewing opportunities, set against backdrops that photographers dream of.

Discover the 'White Lady' rock painting in the Brandberg Massif of Damaraland

Take a bushwalk with the San and gain an insight into the ancient hunter-gatherer culture

Track desert elephants in two of Namibia's ephemeral river beds the Ugab and the Aua Huab

## Day One | Walvis Bay

Meet the group at Walvis Bay International Airport to transfer to Swakopmund. After checking into our hotel, we have time to unwind and relax before our evening meal tonight.

## Day Two | Swakopmund

Today we explore the area of the **Moonlandscape** and the **Welwitschia Plains**, where the stark, desolate beauty of the terrain takes centre stage. Amidst this arid expanse, we see examples of extraordinary millennia-old plants. Their ancient, weathered forms stand as a testament to nature's resilience. On the way back, we visit the area of the Swakop River which reaches the sea on the southern edge of **Swakopmund**. The area around the river mouth and the surrounding dunes are rich in bird life and unusual plant species. In the afternoon, choose to book an optional flight over the dramatic sweeping landscapes of Sossusvlei or take some time to explore the charming town of Swakopmund.

## Day Three | Swakopmund – Spitzkoppe

After breakfast, we set off towards the stunning **Spitzkoppe** range, often referred to as 'the Matterhorn of Namibia,' to explore its awe-inspiring granite rock formations. Dominating the landscape, the Inselberg rises to 1,728m above sea level and is one of the most photographed mountains in Namibia, visible from miles around. All around the Spitzkoppe, hundreds of paintings can be found, and the rock art here depicts patterns of hunter-gatherer societies and their subsistence practices before the advent of farming.

## Day Four | Omandumba & Ekuta

This morning, we visit the fascinating '**Living Museum**' of the Ju/Hoansi-San, also known as the Bushman at **Omandumba**. Here, we gain insight into the ancient traditions of the hunter-gatherer culture. During a bushwalk we learn the timeless skill of animal tracking and snaring, discover how shelters are made and observe how fires are set. The landscape surrounding us is equally captivating,

with large, reddish boulders scattered across the terrain, creating a stunningly unique backdrop. This area is home to a rich diversity of wildlife, including rock hyrax (known locally as 'dassies'), mountain zebra, and various antelope species like kudu, steenbuck, and the rare, black-faced impala. Look out too for baboons and warthogs! After lunch, we continue to the rock shelter of **Ekuta**. Considered to be one of the best rock art sites in the whole region, it contains detailed depictions of animals and people carrying equipment, such as bows and arrows.

## Day Five | Ai Aiba

At the Ai Aiba Lodge, our base in the foothills of the Erongo mountain range, we are surrounded by ancient imposing granite boulders. These rock formations, which are the weathered remnants of a volcanic complex dating back around 130 million years, carry with them a deep sense of history. Today, we dedicate our time to exploring the local rock art by safari vehicle, followed by guided walks to various painting sites, each with its own story to tell. Some of the artwork features intricate depictions of animals and humans, while others hint at trance-like states and connections to the spirit world.

## Day Six | Spitzkoppe - Omandumba West – Ugab River - Brandberg

We spend our morning in **Omandumba West**.

The rock art in this area includes rare and valuable paintings, such as the 'Swarm of the Bees' depicting honey foragers running from their victims. After lunch, we continue our journey to our overnight hotel. Once we've checked in, we head out to explore the areas along the **Ugab River**. This river plays a crucial ecological role in the region, flowing above ground for only a few days each year, yet its subterranean waters support a variety of wildlife. Among the most remarkable residents of this area is the rare desert elephant, adapted to survive in these arid conditions. We search along the riverbed, hoping to spot these magnificent creatures.

#### Day Seven | Brandberg – Twyfelfontein – Mowani

Following breakfast, we start the morning with a walk to the famous '**White Lady**' rock painting on the north-eastern side of the Brandberg mountain range. This area holds deep spiritual significance for the Damara San people and is renowned for its vast collection of rock paintings, estimated to number in the tens of thousands. The majority of the artworks are situated high up on the mountain, making them difficult to access. The walk to the 'White Lady' site is fairly easy, covering about four miles along a flat, dry river bed, though there are some small boulders to negotiate at the foot of the mountain. In the afternoon, we drive on up to the **Twyfelfontein** area, home to one of the largest and most important concentrations of rock art. This UNESCO World Heritage Site, inscribed in 2007, is a remarkable testament to the rich cultural and spiritual history of the region, with its intricate engravings depicting animals, humans and spiritual symbols that have endured for millennia.

#### Day Eight | Aba Huab River & Twyfelfontein

We start our day with a safari along the **Aba Huab River Valley**. The Huab is another ephemeral river which, when flowing, runs westwards through Mopane savanna before reaching the Skeleton Coast. The landscape here is dramatic with vast sandy valleys, punctuated by gigantic boulder outcrops, sand dunes and rocky hills. This unique environment is home to mountain zebra, oryx, springbok, steenbok, desert elephant, rhino, spotted hyena, jackal, leopard, cape fox and African wild cat. In the afternoon, we visit the UNESCO World Heritage Site of **Twyfelfontein**. Though small, this world heritage site includes some remarkable galleries of petroglyphs depicting an extraordinary diversity of wild animals – rhino, elephant, giraffe, oryx, ostrich, flamingo, zebra

and many more. The engravings are often superimposed on one another and are engraved on the massive rock faces of free-standing boulders in completely exposed positions.

#### Day Nine | Mowani – Peets Alberts Koppie – Etosha

After driving to Kamanjab, we arrive at the rock art site of **Peet Alberts Koppie**. This is the second-largest rock engraving site in Namibia and the images of animals range from abstract, highly stylized and unpatinated to realistic images of white rhinos and kudu. The most prominent engraving at this site is that of a giraffe which measures 330cm from hind hoof to ear. It is the biggest rock engraving in Namibia. After lunch, we journey onwards to **Etosha National Park**.

#### Day Ten | Etosha – Mushara

Today promises an exciting day of game drives in **Etosha National Park**, one of Africa's great wildlife sanctuaries. The park's defining feature is the vast Etosha salt pan, a shimmering white expanse so large it can be seen from space. This ancient lakebed covers roughly a quarter of the park and gives Etosha its name, which translates to 'Great White Place' in the Oshindonga language. The park's ecosystem revolves around its waterholes, which serve as vital gathering points for a wide array of wildlife, particularly during the dry season. As we explore, we hope to observe large herds of elephants, zebras, and numerous species of antelope, including the rare, black-faced impala. Etosha is also home to healthy populations of lions, leopards and one of the largest concentrations of black rhinos in Africa.

#### Day Eleven | Etosha National Park

We spend our second day in Etosha National Park exploring different areas of the park or perhaps returning to the site of a recent lion spot.

#### Day Twelve | Mushara – Okonjima

Today we drive south to the reserve at **Okonjima**, famous for its AfriCat charity programme. Founded in the 1990s, the **AfriCat Foundation** focuses on ensuring a sustainable future for Namibia's large carnivores, such as leopards and cheetahs, through their conservation efforts. This afternoon, we have the chance to track some of these magnificent animals.

#### Day Thirteen | Okonjima

We spend more time today on activities offered by the AfriCat programme, with further opportunities

to track these incredible animals in the wild. In addition to the leopards and cheetahs, we take a game drive to spot brown hyenas known as strandwolf. In the evening, we enjoy our last dinner together and take time to look back and recount the many highlights of our tour in this incredible country.

#### Day Fourteen | Okonjima – Windhoek

# Uzbekistan

Sites and cities along the Silk Road

13 DAYS FROM \$6,140pp

 Moderate ●●○

\$0 SINGLE SUPPLEMENT  
PLACES AVAILABLE

Follow in the footsteps of history as we explore the sites and cities of the Silk Road, which once ran from China to Europe, with Uzbekistan right as its heart. The steppes, deserts, mountains and blue-tiled cities all tell stories of trade and conquest, and this is a journey across the country that traces the paths of those who've passed by for thousands of years.

Visit the UNESCO World Heritage Sites of Khiva, Bukhara, Samarkand

Get a taste of the avant-garde at the renowned Savitsky Art Museum, home to the world's second-largest collection of Russian art pieces

Travel to the ancient trade routes, where caravans of silk, spice and textiles once crossed the landscape

## Day One | Tashkent

Meet the group at our hotel in Tashkent. In the afternoon, we visit the **Museum of Applied Arts of Uzbekistan**, explore **Independence Square** and view the Monument of Courage - a welcome dinner rounds off the evening.

## Day Two | Tashkent

We journey to the ancient settlement of **Shahrukhiah**, the first major city of the Tashkent oases along the Great Silk Road. Returning to **Tashkent**, we embark on a walking tour. Highlights include **Chorsu Bazaar** and the **Hast Imam Square**, featuring the **Tellya Sheikh Mosque**.

## Day Three | Tashkent - Nukus

We fly west to **Nukus**, capital of the Karakalpakstan Republic, a desert region surrounding the shrinking Aral Sea and visit **Gyaur Kala**. After lunch, we explore **Mizdakhan**, home to Uzbekistan's oldest necropolis.

## Day Four | Nukus - Khiva

We begin at the renowned **Savitsky Art Museum**, featuring the world's second-largest Russian avant-garde collection. Afterwards, we travel along the Amu River to **Chilpik Dakhma**, a Zoroastrian "Tower of Silence" used for sky burials until the 7th-century. We conclude in **Khiva**, a Silk Road city historically linked to the slave trade.

## Day Five | Khiva

We explore the hilltop fortresses of **Ayaz Kala**, built to defend against nomadic incursions. Next, we visit **Toprak Kala**, a 3rd-century AD city of the Khorezm civilisation. Its ruins feature governors' residences and a palace with three imposing towers.

## Day Six | Khiva

Today, we wander Khiva's charming alleys, elegant minarets, and bustling markets. Despite destruction by Genghis Khan, its reconstruction is remarkable.

The first Uzbek site to gain World Heritage status, Khiva boasts original defensive walls, ornate mosques and mausoleums.

## Day Seven | Khiva - Bukhara

We drive through the vast Karakum Desert, a rugged area of sand ridges, dunes, salt marshes, and takyr. The climate is extreme, with temperatures reaching 50°C in summer and dropping to -30°C in winter. We briefly stop at the Amu Darya to observe how its waters were diverted by the Soviets, leading to the Aral Sea's dramatic decline. Arriving in Bukhara mid-afternoon, we visit the Chashma Ayub mausoleums and Bolo Khauz Mosque before checking into our hotel.

Please note: if delayed, these sites will be visited on day 10 after Paykent.

## Day Eight | Bukhara

Today is dedicated to **Bukhara**, the great oasis city of Central Asia. Known for its architectural masterpieces and accessibility, you can explore freely from modern hotels to madrasahs or local quarters. Once part of the Persian Empire, it became a key intellectual hub under the Samanids in 903 AD. We visit the Po-i-Kalyan religious complex, so remarkable that even Ghengis Khan spared it. Tonight, enjoy a traditional folk show before dinner.

## Day Nine | Bukhara

Today, we explore **Poykent**, a predecessor of Bukhara, located in a deserted region 60km southeast of the city. Once fertile and watered by the Zarafshan river, its drying led to Poykent's abandonment, contrasting with Bukhara's access to water. After a picnic lunch, we return to Bukhara for more exploration and free time. We also visit the picturesque Mausoleum of Ismail Samani.

Katie has worked as an archaeologist for the past decade throughout Central Asia and the Middle East, and is now completing a doctorate at the University of Oxford looking at the impact of the Mongol Conquests on the cities of Central Asia and the Caucasus.
